Overview

This document contains each release that has been deployed under the TestOut Client Pro – English 6.x.x version. Releases are arranged chronologically, with the latest release first.

Each section details all the enhancements, fixes, and changes that were made with that particular release. Items include a summary of the change and the type of change that was made. The change types are defined in the following table:

Type	Description
* NEW	Entirely new feature, information, or content has been added.
↻ CHANGE	Significant change in information, behavior, or content.
✓ FIX	Minor edit to clarify information, remove ambiguity, or fix error.
