Overview

This document contains release notes for each release that has been deployed under the Server Pro 2016: Install and Storage – English 4.0.x version.

Releases notes are arranged chronologically, with the latest release first.

Each section details the enhancements, fixes, and changes that were made with that particular release. Each section item includes a summary of the changes made and the type of change.

Change types are defined as follows:

Type	Description
* NEW	Entirely new feature, information, or content has been added.
↻ CHANGE	Significant change in information, behavior, or content.
✓ FIX	Minor edit to clarify information, remove ambiguity, or fix an error.
